3.º del tema: → El cuarto. Algunas gradas. Tocando los cuatros con cuerdas seca y seca
y seca (triple + lentamente).

4.º del tema: El sonido se extiende por algunos instantes de los dedos de mano impidiendo
que caigan, para evitar sorpresa. Pero como, con la pausa, no lo vean.
Para el cierre, que es lo que supone la más dulzura, el sonido de la segunda
nota producido por rotación del dedo que habrá alcanzado su punto
extremo. El resultado tiene dirección debida resuena.

Parte alternativa con notas largas sobre algunas de las mismas trazadas
por un dedo de la mano derecha. No es un paseando.

Notas

Duración

12 minutos

Notación

* Solo se utilizará vibrato donde esté especificado.

- Pizzicato Bartók.

- Pizzicato con uña. Mientras la nota es pisada con la punta de un dedo de mano izquierda, no la yema, ésta será atacada con la uña de un dedo de mano derecha dando como resultado un pizzicato muy resonante.

- Pizzicato con sordina de mano derecha. Las notas se atacarán con el pulgar de mano derecha mientras la palma de la misma mano, descansando sobre las cuerdas cerca al puente, ensordece el sonido.

- Trino de medio tono con duración completa de la nota escrita.

- Trino de tono entero con duración completa de la nota escrita.

- Trino de tono y medio con duración completa de la nota escrita.

- Glissando (ascendente, descendente).

1/2 col legno - El arco, al estar girado, frotará la cuerda con cerdas y madera
tratto (*1/2 c.l.tr.*) simultáneamente.

Ligado sin arco - El sonido se creará por ataques incisivos de los dedos de mano izquierda (*I.s.a.*) los cuales, para mayor sonoridad, "percutirán" con la punta, no la yema. Para el paso de una nota superior a una inferior, el sonido de la segunda será producido por una pulsación del dedo que había atacado el sonido anterior. El resultante nivel dinámico deberá ser parejo.

- Tap. Alternando con notas *I.s.a.*, éstas serán atacadas de la misma manera por un dedo de la mano derecha. No es un pizzicato!
